what renews your sense of well-being?

THE NURTURING TOUCH OF VISAGE'S SPA THERAPISTS AND STYLISTS.

Restore balance.

As living beings, we are in a constant state of flux as we strive for equilibrium to combat stresses that affect our balance and well-being each day. Naturally, these stresses have an effect on our skin, body and emotions.

At Visage, our goal is to design treatments to bring you back into balance, using nurturing high-touch approaches and Sensory Experiences.

The root of Aveda's holistic spa philosophy, Elemental Nature, is based on the five elements found in nature: Infinity, Air, Fire, Water and Earth. Allow our therapists to create personalized treatments and self-care rituals based on your Elemental Nature, to bring you back into balance.

Visage experience.

"The ultimate salon experience," and "I thought I had to go to the big city for this type of salon" these are just some of the comments people are saying about the all new Visage. If it's a signature haircut & color or a spa service — Visage is pure indulgence.
